3. (Unclassified - GLC) With regard to the call from Rich Gilmore, Staff Member, Senate Foreign Relations Committee Subcommittee on Multinational Corporations, yesterday, Maurice Ernst, OER, advised that while we receive a good bit of traffic on the subject of European standards developments the Agency really did not follow this subject as such. He suggested we refer Gilmore to Jonathan Showe, Special Assistant to the Office of the Special Trade Representative (395-6971) and Michael Guhin, NSC Staff (456-6963). He added that if necessary he could have one of his analysts familiarize himself with this subject but it would take a little time to do this. I told Ernst I would check with Bill Colby since the original call from Gilmore came on a referral from [REDACTED] 25X1A

4. (Confidential - GLC) [REDACTED] called to say Fred Ladd, State Department, had been in touch with him with regard to the proposed travel of Messrs. Moose and Lowenstein, Senate Foreign Relations Committee staff, to Europe later this fall. Ladd said State was preparing a field message on this travel which they would coordinate with us. [REDACTED] will be in touch 25X1A with us further.

5. (Internal Use Only - PLC) Called Kelly Kleinman, in the office of Representative Michael Harrington (D., Mass.), and explained to her that the Agency's role in the [REDACTED] is routine and minimal and that we would not be able to provide a briefing for Harrington on the "true story" of U.S. [REDACTED] (See Journal for 15 August 1973.) She said she clearly understood and that she would contact the State Department and try to arrange a suitable briefing.

6. (Unclassified - SMG) Virginia Skeen, in the office of Representative Ken Hechler (D., W. Va.), called and said they would like maps of Mexico, Guatemala and British Honduras. I told her that someone would drop them by later in the week.
